Director de la Escuela Árabe,  
Granada, Spain.

Dear Sir:

We write to ask whether there has been published by the Spanish Government, or by some other official body, any material intended to assist in the celebration of the centenary of the birth of Maimonides. If so, we should appreciate receiving a list of such material as may be important, together with a statement of cost, if there is a price, and the organization to which we should write in order to obtain such material.

We write to you at the suggestion of the Spanish Embassy at Washington, U. S. A.

Thanking you sincerely for any courtesy which you may be able to render to us in this matter,

Very truly yours,

*Orlando C. Davis*

Chief Librarian of the  
Circulation Division.
