Dear Professor,

At my regret I did not see more of you the last evening at Guild Hall although I have been very pleased to make your acquaintance and to discuss several matters on international protection of nature.

As I had the pleasure to tell some years ago we founded an office at Brussels for Information and Documentation for the International Protection of Nature and it should give us great pleasure if we could remain in touch with each other.

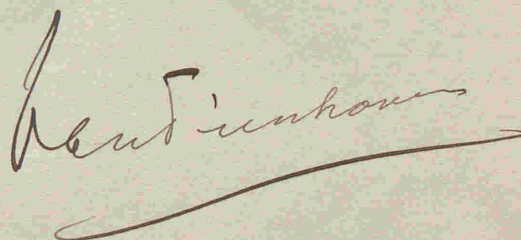

Enclosed I send you a little pamphlet explaining what the office in Brussels has in mind and if you could give us some information about conditions in Spain, specially about the reserve of the sheep, we would be very grateful.

Our Bureau is under the direction of Prof. Dr. Derscheid who is returning in the end of this month from a trip to Africa where he visited the Park Albert of which he is the secretary of the International Commission which administers the Park.

I hope that our short meeting will give us the advantage to remain in touch with each other and I remain

with best regards

sincerely yours,

Dr. P.G. van Tienhoven:
